THE MEANING OF AMA

*AMA is Japanese for "sea women" and are
Japanese divers, famous for collecting seafood
and pearls with their bare hands, without diving
equipmanet. The vast majority of Ama's are women.
Records of the female pearl divers date back as
early as 927 AD in Japan's Heian period and it's still
a respected proffession. All Ama must be licensed
and abide by rules designed to prevent over-fishing
and to preserve the environment.*
